

Best Practices Successfully Implemented by the Institution as Per NAAC Format

1. Weekly Prayer Ceremony

We have adopted this 'weekly prayer ceremony' as a best practice for building a strong moral character and for discipline. On every Thursday we assemble at the college ground and stand for a prayer with a song time to time selected by the 'Cultural Committee'. After the prayer the Principal or a Senior Teacher address the students and make them aware regarding the recent achievements of the Institution and Society. This inspires the students a lot and we have noted the enthusiasm of the students to participate in this ceremony. Also, we do felicitate the student achievers of recent time in sports/culture etc.

2. Computer Literacy for All

We have noticed a poor compute skill among the student's taking admission in our institute. However, basic computer skill is a compulsory for all now a days! The students had to depend on others for filling up the examination forms too. That is why we have adopted a mission of 'Basic Computer Literacy for All'. We have divided the students in groups and trying to provide basic computer knowledge (word, excel, power point) to make them independent in doing basic computer related jobs. A smartphone is a close replacement of computer. Our objective is to make them literate in filling up exam forms, send an application, writing their resume using their smart phones if they do not have the availability of computers.
